"Military" is the word

YOUNG men at home who are too young to fight or who have families to support don't want to wear anything that imitates a uniform. But they do want the erect, spirited style that characterizes the fighting man and the nation.

Young men appreciate the service we're rendering them in

Hart Schaffner & Marx clothes

They get just the military touches they want; the panned back effects; the new sport ideas and Varsity Fifty Five suits.

When you wear these clothes you're helping to save wool for the fighters; the clothes last so long that they economize for you.

Hereafter, it will be my policy to make up the delinquent list promptly after the 10th of each month which will be turned over to Mr. Deal who will look after the cutting off of water supply under the ordinance.

As much as we all deplore the present condition of our water system, the fact remains that these bills for water service are charged on the books of this office and there is nothing left for me to do but to collect the same in accordance to the provisions of the city ordinance relating thereto.

SCHOOL AND RED CROSS PARADE

IMPORTANT EVENT IN MATTER OF ENCOURAGING GARDEN WORK BY EVERYBODY.

The parade of the school children and Red Cross Friday afternoon was a decided success in every detail. The little folks were all in high spirits and their banners were inscribed with messages telling of their garden work and calling on the public to conserve food and perform other things necessary in winning the war. Many of them were dressed in overalls and work aprons and carried rakes and other garden tools which they have been industriously using both in the school gardens and at home. They were led by the juvenile band under the direction of Prof. Cruz. The Boy Scouts were also in evidence and marched like veterans.

The Red Cross section was well represented by a long line of ladies in nurses' costumes, floats, etc., and their banners appealed for help in the coming campaign.

The military end of the event was taken care of by Prof. Fentem's high school boys and the home guards, the latter carrying their new guns. The high school boys made a fine showing and gave evidence of being well drilled.

The entire parade extended the length of five or six blocks. Hundreds of citizens lined the streets to witness the march.

After the parade an interesting program was given at the First Methodist church. L. T. Walters, president of the Board of Education, spoke briefly to children expressing his interest in them and expressing the desire that the people of Ada make it possible to continue the splendid work in the schools by voting for the special tax levy upon which depends the success of the school work for next year. He was followed by J. W. Dean on behalf of the city and the city administration. His address was strongly patriotic and met with a hearty response. Mr. Bridges, representing the school garden work in the State of Oklahoma, was enthusiastic in his praise of the garden work being done in the city under the direction of the city schools. He found a hearty response in his audience when he said that in the opinion of Dr. Merrill, the federal representative of the school garden work, Oklahoma was leading all southern states in the work, the little state just across the led river not excepted.

Mr. Bridges was followed by Dr. Merrill, who spoke briefly his appreciation of the excellent showing made by the schools of the city in the parade as well as in their garden. The visitors were delighted with Ada and its school spirit as shown both in the public schools and in the normal. At the conclusion of these addresses, the children joined heartily in singing America and enjoyed the final organ number given by Prof. Morris.

AMERICAN GUNS ARE ROARING

SHELLS BURN TWO VILLAGES HELD BY HUNS. PATROL ATTACKS REPULSED.

(By the Associated Press)
With American Forces on French Front, May 11th—American batteries bombarded enemy lines heavily last night, the shells causing fires in the villages of Castigny and Mesnil Georges, held by the Germans, west of Mont Didier. German patrols continued active along the front, one attempting to rush an American outpost but being driven off by brisk rifle fire.

American Troops in London.
Five trains loaded with American troops arrived in London this morning. They were marshalled at Wellington barracks for their march through London street today.

French Gain More Ground
Paris, May 11.—Heavy artillery fighting on the front below Amiens, in Grivesnes and Maillay Rainval regions, is reported in today's official communication. The French gained on the southern side of Picardy battlefield, near Orrillers Sorrel southeast of Mont Didier.

American Casualty List
Washington, May 11.—Today's casualty list contains 69 names, divided as follows: Killed in action, eight; died of wounds, four; died of accident, seven; died of disease, four; other causes, three; wounded severely, nine; wounded slightly, thirty-nine; prisoners previously reported missing inaction five. Eleven officers are included in the list.

MANY ADA VOTERS DID NOT REGISTER

Registration of voters at Ada was far from complete, only 744 out of more than 1,000 having applied for certificates. Many who did not register may still have the certificates they received two years ago, but it is more than probable that quite a few will find themselves barred from voting when election time rolls around. The first ward led the others with 261. The second registered 185, third 137, fourth 161.

A Liberal Proposition.

In view of the shortage of farm laborers which is staring the farmers in the face, Constable Walter Goynne says he will go with business men of Ada to help the farmers in their crops one or two days a week. Moreover, he will carry as many as can go in his car. Mr. Goynne believes that it will be necessary within the next few weeks for the business men to help the farmers in their fields or some crops will be lost.

GIDDINGS SAYS AN EVEN FIGHT

RED CROSS WORKERS MEET AND FORM PLANS FOR CAMPAIGN NEXT WEEK.

Saying that this is no time to tolerate men with red cards in their pockets and yellow streaks down their backs, Hon. E. J. Giddings, in his speech before the Red Cross workers here this afternoon, went in for slackers and others who are not working to win the war.

Mr. Giddings, who went through the Spanish-American war, spoke for an hour and drove home thrusts that woke up the hearers in spite of the fact that all are earnest war workers. The fight against Germany may go on for ten or fifteen years, and men up to 45 years old may have to be called. The war at the present time is being fought on an equal basis, and no one can tell who will win. Science may change the thing in a day. Granting that Germany will not bring into existence mammoth means of death, the Allies will win, but it will take a long time. Indifference, lack of patriotism, and such will cause the downfall of the Allies, and it is up to America to win the victory.

Now that the Red Cross campaign is on, every man should subscribe. If one does not subscribe, he should be watched. There is none so poor but they can do something to help out this great organization.

Mr. Giddings did not fail to tell in plain terms what he thinks of Germany and her methods of warfare. France will not be willing and ought not to be willing to stop fighting until she has avenged the ravaged women of France and the devastated lands. Belgium, Roumania and Serbia are in the same plight. The German war spirit must be broken. We say that we are not fighting people, but we are fighting them. We are fighting the one big German Kaiser and sixty-five million small German Kaisers, all who believe that the Germans are destined to rule the world.

Pontotoc county has done well in the past, but she has merely started.

The meeting was called by J. M. Wintersmith, chairman of the drive for this county. All of the school district chairmen were supposed to be here, but the rain kept many at home. There were more than one hundred Red Cross workers, including some from the county, who were inspired by the message.

Red Cross Mass Meeting.

Sunday evening at the First Methodist church there will be a varied and interesting patriotic program. Addresses will be made by Hon. Robert Wimbish, Mr. Ralph E. Cain, Reverend C. B. James and Judge C. E. B. Cutler. Hon. Robt. Wimbish will preside. Vocal solos will be given by Miss Pearl Curry and Mrs. Jackson. Organ solos will be rendered by Miss Mentzer, and there will be a selection by the Christian Male Quartet. The meeting will be full of pep and patriotism. All the churches are uniting to make this the greatest service held since the war began. It is expected that the large auditorium will be crowded and chairs will be ready for use.

SKILLED MEN WANTED.
W. A. Riley, secretary of the county exemption board, has been notified that Oklahoma is called on to furnish 10 railroad brakemen, flagmen or conductors for army service, 10 locomotive engineers or firemen, 14 boiler makers or helpers, 6 veterinarians, 100 hostlers or stable men, 2 horse trainers. Men who have been registered may volunteer for these places not later than Tuesday, May 14.

SEVERAL MEN KILLED IN NITRO EXPLOSION
(By the Associated Press)
Wellsburg, W. Va., May 11.—A number of men are reported dead in an explosion at the nitro-glycerine plant owned by the Louise Coal Co. at Cross Creek, five miles from here. Eight men, according to the report, were working in the building when the explosion occurred.

Farmer Soldiers Get Respite.
This afternoon the board of Pontotoc county received a wire from the adjutant general saying that local boards may grant extension of time to farmers called to service in case the quota can be filled without them.

Red Cross Windows.
The Red Cross windows decorated by the merchants to promote the coming drive are most attractive, and the energy with which our local stores went into the matter is evidence that their hearts are in the right place. Much credit is due Sam Schienberg, chairman of the window committee, for the success of the project.

Going Deeper at Galena.

Prospecting for the deeper run of ore now known to be found in the vicinity of Galena, Kan., is being carried on to a greater extent than ever, one of the latest strikes to be made is that of Frank Childers of the Skelton mines and associates on the 120-acre lease known as the Foster land near the Skarlet Kid holdings. A good body of mineral was struck at 220 feet, the drill running out of it at 225 feet with an average assay of 21.60 per cent for this hole.

In another hole strikes were made at depths between 125 and 140 feet, this hole now being down to 185 feet. Drilling will be continued until this lease is thoroughly developed.

Catarrh of Throat

Miss Amalie Ruzicka, 1449 South 16th St., Omaha, Nebraska, writes: "I have suffered with catarrh of the throat. I caught cold and it settled in my throat, and I coughed badly and was very weak. I could not sleep and had no appetite. I had two doctors, and had taken so many different medicines and found no help. At last I will have to give up; but at last my mother read about Peruna, so I thought of trying that great medicine. Peruna. I got a bottle of it and in about four days I almost stopped coughing, and after a while I surely found relief, and from that time we are not without Peruna in our home."

No one has a liking for paying taxes, but education is one item that cannot be neglected. It has been too long the custom of the public to economize by being chinchy with the schools, but the result has been far from satisfactory. The voters of Ada school district are now called on to vote an additional tax for the support of the city schools and there is no doubt about the need of its being voted. In the first place, the population of the district is growing all the time and as a consequence the schools cost more. In the next place, the teachers must be paid better salaries. Already so many have gone into more lucrative lines of work that good teachers are scarce. Wages in all other lines have gone up to meet the increased cost of living and it is only fair that the teachers should be paid a fair rate, and they must be, if competent teachers remain in the profession. The school board of Ada is composed of level headed business men and we believe they conduct the schools as economically as is possible.

an instrument to propagate the world dictatorship of the Kaiser. If you will recall instances of German propaganda, you will find the German reasons for carrying a thing too far one way or the other. In other words, if the Socialist party, Germany bred and German taught, can get control of a nation, the party leaders will throw the country into anarchy and the German Kaiser will step in as a peace maker. This has been the case in Russia. The Kaiser hoped it would be the case in other nations.

This does not mean that the principles of Socialism are entirely bad. It does mean that the party as a party is German, has been German from the date of its organization and is still German heart and core.

Some principles of Socialism may eventually be put into practice. We expect that some time many of the principles advocated by some of our thinking Socialist—by the way, these are out of the party now—will be cardinal principles of our laws. The Socialist party is now virtually dead in America. It was announced not many days ago that 15,000 had left the party recently. According to late reports, there are now only 85,000 who are strong enough to pay dues. The party in Oklahoma is losing members all the time, according to reports of those who were once members in this county. We do not object to many Socialist principles but we do object to a party existing for the purpose of furthering German world domination aims.

FORMER FEDERAL JUDGE FILES FOR GOVERNOR

Oklahoma City, May 11.—J. T. Dickerson of Edmond, Republican, yesterday filed his candidacy for governor with the state election board. He is the second Republican to file for governor. John Golobie of Guthrie having entered the race earlier in the week.

Dickerson was a member of the first board of public affairs, being named by Governor Haskell to that body as the Republican member. He also has served in the state legislature from Oklahoma county and was judge of the southern federal district in Indian Territory days.

The entrance of two Republican candidates into the race for governor may forestall the plans of Republican leaders to hold a convention, it was said yesterday. The Republicans have announced a convention for May 15. It is possible that other candidates may file subject to the primary and unless all agree to be bound by the result of the convention the Republicans may go into the primary with a number of candidates.

Resolution.

Whereas, The Board of Education of the City of Ada, of the State of Oklahoma, a body corporate and duly organized and existing as the corporate authority of the city school district comprising said City of Ada, and the outlying territory annexed thereto for school purposes, has determined the assessed valuation of said Board of Education for the fiscal year beginning July 1, 1918, and ending June 30, 1919, is not sufficient by a levy of five mills to create a fund sufficient to provide the funds that will be required to be raised by taxation for the support and maintenance of the schools controlled by said Board of Education for the said fiscal year; and

Whereas, It has been determined that an additional levy of five mills will be required for such support and maintenance;

Be It Resolved, by said Board of Education that a special election be called for the purpose of submitting to the qualified voters of said school district, comprising said city and territory annexed thereto for school purposes, the question of increasing the levy of said school district in the amount and for the purposes as above set forth.

Adopted and approved this 6th day of May, 1918.

L. T. WALTERS,
President Board of Education of the City of Ada, of the State of Oklahoma.

Attest: Mabel Browall, Clerk.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

NORMAL SENIORS WILL PRESENT PLAY MONDAY

The senior class of the normal will present their annual play Monday evening, a drama entitled, A Trial of Hearts. It is a story of college days and will have a special appeal for those who know the ups and downs of that happy period of life. This senior class contains some members of unusual dramatic talent and under the efficient direction of Mrs. Barton Lee the play will be one of the best ever presented here.

The seniors being thoroughly patriotic, will donate half the net proceeds to the Red Cross.

An Appeal.

The Red Cross drive for Pontotoc county's quota begins Monday morning, May 13th. We earnestly request that every person shall determine between now and that time how much money he or she expects to give to this cause, and do not wait for a committee to come to see you—go to the chairman of your ward or district and turn in your subscription and have the matter closed at once.

This is your plain duty. Every member of a soliciting committee is as busy with his private affairs as you are with yours. Don't have to be hunted down—do your duty—go to the chairman, tonight, Sunday or early Monday morning and help put Pontotoc county over the first day.

J. M. WINTERSMITH,
Chairman, Pontotoc County.

Our Volunteer Army of Dollars.

The first Red Cross Army of One Hundred Million Dollars has performed miracles. It has saved lives by the thousand. It has comforted the sick and the suffering. It has inspired new armies in the making. It has filled the fainting hearts of Belgium, France and Italy with new hope. The first Army of Dollars has rendered a glorious service in the case of humanity, but it has melted away. A new army must be recruited to carry on the work. Tell the story far and wide so that every patriotic American may send his Volunteer Dollars to swell the ranks of this Second Great Army. Every Chapter, Branch and Auxiliary must do its share in the recruiting during the week of May 20th to 27th. Let us give not only because we CAN but because they NEED—Red Cross Bulletin.

For the convenience of the public the News is carrying on sale a supply of Thrift Stamps and War Savings Certificates.

LOOK! LOOK! LOOK!

Notice to all of our customers of Ada and its surrounding country. If you want anything in our line we would like to accommodate you and do you good work. We are equipped to serve you the quickest way. We are equipped with power machinery and can do your work good and give you good service. Bring your sweeps and let us work them over and get them up in shape when you will need them.

We have all kinds of wagon materials in stock. Plow handles, Brake Blocks, Axles, Rocking Bolsters, Coupling Poles, Wagon Spokes, Felloes, Haws, Buggy Rims of all kinds. We can take care of you, of anything you want. Try us. We will do you right on all kinds of wood work, blacksmithing, spring welding, auto repairing, horseshoeing.

Mrs. Jamie Doris Knox Jordan first saw the light in a fine old southern home twenty-four years ago. She attended the Mississippi Synodical College. There she earned a certificate from Georgia Ray McMillan, graduate of the Empire School of Acting and instructor of expression. Later Mrs. Jordan studied with Le-

land Powers and George Riddle in Boston, where she attracted much attention because of her unusual voice and versatility. This year she has had special training for platform work and teaching with Charlotte Presby, head of the New York School of Expression. Mrs. Jordan has also specialized in technical dancing with Miss Dunlap, Chalif graduate, and modern dancing with Mr. Frank Ma-

tion, graduate of G. Hepburn-Wilson. For the first time Mrs. Jordan will add dancing to her programme this season. Throughout her public life she has kept in close touch with school and church, and now her desire is to voice a message to the public which will inspire loyalty and patriotism. It may be interesting to know that Mrs. Jordan has personally pledged herself to President Wilson to give part of all her earnings to the Red Cross. Mrs. Jordan will entertain between acts when the Normal Seniors present their class play Monday night.

To Good Old Pontotoc
For the glory of our county and as

an expression of our patriotism and willingness to do our part in every war work we are aiming to be the first county in the Southwest district to report our quota raised in the second American Red Cross War Fund Campaign. We are expecting the cities, and every school district to go to work Monday, May 13th, with vigor and organized effort and are hoping to have reports from every part of the county by Wednesday, the 15th, that the amounts assigned each district have been raised.

GOODRICH TESTED TIRES

At the City of Goodrich, they have officially announced the grand mileage of Goodrich's nation-wide Test Car work of 1917:

1,044,686 linear miles.
4,178,744 tire miles.

Those figures indicate the Emancipation Act of motorists, freeing them from tire mishaps and amputated mileage.

Compressed in them is the story of the famous Six Fleets, and how they buried Goodrich Tires the length and breadth of our nation, over city pavement and country roads, ploughing through sand and mud; mashing them against rock and gravel.

Mathematics has no favorites. That multiplied mileage of 4,178,744 miles

HUNS SHELLING ALLIED LINES

BRISK BOMBARDMENT AT VARIOUS POINTS. NO MOVE BY INFANTRY.

(By the Associated Press)
Germany's attacking forces were still held in leash while the enemy's big guns bombard heavily the allied lines on the Flanders and Somme battlefields. Southwest of Ypres the Germans have not attempted to repeat their futile attacks of Wednesday against the French and British between Voormezele and La Clytte. German artillery fire along this line, however, is violent. On the southern leg of the Ypres salient the Germans are bombarding Hobeque and also paying attention to British positions about Vimy ridge on the Arras front. The French hold on. Grivesnes Park, south of the Somme, is still secure. Artillery is active on the Italian and Macedonian fronts but no heavy fighting is occurring.

British Aviators Have Good Day.
London, May 11.—Cloudless weather Thursday favored British aviators, according to the official statement today, and twenty-seven German machines were downed and twelve driven down out of control. Four hostile observation balloons were destroyed. British machines missing number six. Over twenty-four tons of bombs were dropped on various targets, including important railroad stations.

Present the Play

A TRIAL OF HEARTS

Directed by

MRS. BARTON LEE, Dramatic Artist
Graduate of Texas Christian University

SPECIAL: Doris Jordan, one of the most fascinating readers of America, and one of the most highly trained, will give Readings between acts. She is also one of America's greatest classic dancers, though she is not to dance Monday night. She will probably give:

1. A War number.
2. Marie at the Movies—A comic.
3. Some dramatic selections.

The Play Itself:

Is really great. The Seniors never have put on a poor one.

The Story:

THE STORY is one of true love in a great struggle against Snobbery
